

Affidavit Forms

Instructions

1. An affidavit is a sworn statement of facts that are within the swearing party's personal knowledge. If one or more elements of your water right claim either received an issue remark from the DNRC, is under objection from others, or is simply incorrect, providing an affidavit is one way that it may be possible to resolve these issues.
2. The Water Court provides individual affidavit forms for a variety of different situations. It is important to select the appropriate form for your specific circumstances. This determination will likely be dependent on the nature of the issue(s) with your claim, and/or the specific element(s) being contested.
3. The form must be neatly handwritten or typed by you or your attorney.
4. Please attach any relevant and supporting documents to the affidavit.
5. Do NOT sign the form without a notary public present. All affidavits must be signed in front of a notary public.
6. The original copy of the form and the Certificate of Mailing must be sent to the Clerk of the Montana Water Court.
